

RAAHIM THE RESPECTFUL!

Rudeness, unkind words, no care for personal feelings – Professor Basir was sick of how selfish and cruel the world was becoming. After toiling for days, upon months, upon years, he finally had created an answer to cure the world's thoughtlessness – Raahim and the Staff of Respect!

Raahim looked like an ordinary boy, and nobody knew he was actually the product of a professor desperate to make the world a better place. Professor Basir had created the boy so he could lead by example, showing everybody that they should treat others the way they would want

to be treated.

If Raahim the respectful ever saw anybody being rude, using unkind words or destroying property, he would slam down the Staff of Respect to the ground and send waves of power towards the culprit. The staff's **sapphire stone** sent mind altering energy to change a person's attitude to strengthen their relationships with people around them.

Team Tiger requested Professor Basir worked in their Science Squad and Raahim the respectful joined the other Tiger Team heroes right away. Raahim and his Staff of Respect became invaluable to Team Tiger changing negative manners and attitudes to helping everyone to become kind, caring and respectful of feelings and opinions.
